

Policies

Due to limited openings, all grooming is done by appointment only. Please try to schedule at least 3 to 4 weeks in advance. If you cannot keep your appointment, please give me 24 hours advance notice to avoid a \$40.00 **Missed Appointment Fee.**

If an animal is difficult to work with for any reason, a \$20.00 **Behavioral Fee** will be added to the grooming price. I will do the best work I can, but due to behavioral problems, I may not be able to complete the grooming as well as I would like. For the safety and well-being of your pet and myself, if at any time I believe that your pet is overly stressed or behaving in a way that may cause injury to itself or me, I will not continue the grooming process. Should this occur, you will be charged a \$30.00 fee. If this is a repeat problem I will discuss alternative grooming options with you. Luvin' Pups reserves the right to refuse service to anyone, including any animal known to be aggressive.

The grooming schedule for each pet is approximate. Due to traffic or difficult pets, please allow a 30 minute window for your appointment time. If I feel that I will be longer, you will receive a courtesy call letting you know. This can be an unpredictable business and your patience is very much appreciated.

If your check is returned, I will ask you to replace the check with cash, plus pay a \$15.00 **Returned Check Fee.**

Why Mobile Grooming?

In an attempt to help busy pet owners keep their pets looking and feeling great, I offer a pet grooming service that comes right to your doorstep! This service allows your pets to be pampered without those nervous emotions: stress of car rides, separation anxiety, being in an unfamiliar environment, being caged all day, being uncomfortable around multiple pets or people. Your pet feels great because it's in a less stressful environment! Both you and your pet will enjoy the convenience of mobile pet grooming!!

Bathing Beauty hydro massage system

Provides a therapeutic massage for your pet, while removing loose hair and dead skin for a lustrous coat! Hot and cold water used for comfortable bathing.

Clipper Vac Grooming System

Vacuums up the hair that is being cut to ensure that your pet gets a smoother haircut in a clean environment. My clipper blades never get hot so your pet will never be burned.

Hydraulic Grooming Table

Lowers to the level in which your pet can walk onto the table rather than being lifted. A LIPSystem (Linked Interval Positioning System) is also utilized for elderly or arthritic pets for ease and comfort during grooming.

Superior Cleanliness

All grooming tools and surface areas are cleaned and sterilized after each use. I use disinfectants recommended by veterinarians to kill bacteria and diseases.

Top of the line products

From ear cleaner to leave in conditioner, I have selected best all natural products to leave your pet looking and smelling their very best!

Luvin' Pups is proud to provide a clean, safe environment and gentle care for your pet.

General Information

Thank you for choosing Luvin' Pups for your pet's grooming needs. I will ease your burden by providing the gentle care you want and your pet deserves. Your pet is pampered in my fully equipped, state of the art, van at your home or office by appointment only. As a true pet lover and owner, my goal is to make the spa experience as pleasant as possible. Regular grooming is essential to your pet's overall good health. Bathing and brushing helps to prevent painful mats and removes shedding hair. Regular nail trimming is important as well. Nails that are too long can cause your pet pain and may lead to splayed and deformed paws. All puppy owners should take the time to massage the pads and toes of their puppies regularly to get the dog used to his feet being touched as this will make nail clipping an easier process and stress free for the dog as they get older.

My name is Angie and I have been in the pet grooming industry for many years. I created Luvin' Pups so that I could provide quality grooming along with excellent customer service. Through my commitment and experience, Luvin' Pups establishes a relationship with customers that will last a lifetime!

NON-SMOKING FACILITY

\$20 = 0-20 lbs
\$30 = 20-40 lbs
\$40 = 40-60 lbs
\$50 = 60-80 lbs

Flea Shampoo:

\$5-\$15 extra based on size

Tooth Brushing and Breath Freshening:

\$10 added to package price

Tick Infestation Removal:

\$15 per 15 minutes added to package price

Dematting:

\$10 per 15 minutes added to package price (Please see below)

Excessive Dematting

Luvin' Pups does not demat pets for longer than **15 minutes**. Extensive and prolonged dematting is painful for your pet. Dematting of younger pets tends to make them dislike grooming to the point where they may become biters and may need to be muzzled or sedated to be groomed. Dematting elderly pets can be so stressful that it may jeopardize their health. For these reasons, if your pet cannot be completely dematted in 15 minutes, I will recommend that it be shaved down.
